ADDENDUM NO. 1

Request for Qualifications – Land Surveying Services

NOTICE TO PROPOSERS:

The following clarifications, amendments, additions and/or deletions as set forth herein shall apply to the above documents and shall be made a part thereof and shall be subject to all the requirements thereof as though originally specified and/or shown. Submitters shall assure themselves that all addendum changes have been incorporated into their proposal.

A. CLARIFICATIONS

1. Can you give me a rough idea of what portion of the overall contract the various tasks described in Attachment A will be? For example, does the City anticipate it will be heavily skewed towards the review of various submittals for mapping products with smaller tasks related to the other items referenced in Attachment A of the RFP. F3 self-performs every task listed in Attachment A, but given the page limitations in the RFP, I want to make sure we focus our time (and page count) in the Team, Experience, Approach, and Quality of Work sections on the tasks that are most critical to Brentwood's needs.

Unfortunately, it would be difficult to quantify the various tasks identified in Attachment A as requests for assistance will be dependent on the various development and capital improvement projects in review and construction. We have broken down the page count where we would like firms to focus so please use that as a guideline for your proposal.

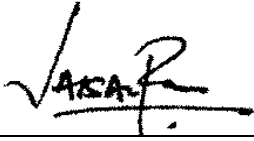

2. Can you please provide the list of the professional land surveying firms currently on call for the City of Brentwood?

The current on-call land surveying consultants are: BKF Engineers, R.E.Y. Engineers, Inc.; Ruggeri-Jensen-Azar; and Wood Rodgers, Inc.

3. Is the City planning on withholding retention for this Agreement, or under which circumstances does the City plan to exercise its right to withhold?

The Task and/or Purchase Orders issued under these contracts will be not-to-exceeds and does not anticipate retention to be held. However, the City reserves the right to withhold retention should there be a need.

-END OF ADDENDUM NO. -1-

A handwritten signature in black ink, appearing to read 'Vatsal Patel', is written over a horizontal line.

Vatsal Patel, P.E.
Engineering Manager
