While performing the Services, Consultant will exercise the reasonable professional care and skill customarily exercised by reputable members of Consultant's profession practicing in the Northern California area. The acceptance of the Services by City does not release Consultant from these obligations.

Consultant will be responsible for employing or engaging all persons necessary to perform the Services. Consultant will control the manner and means of the services to be performed by its employees and

subconsultants. All of Consultant's staff will be qualified by training and experience to perform their assigned tasks. Consultant will give its personal attention to the fulfillment of the provisions of this Agreement by all of its employees and subcontractors, if any, and will keep the Services under its control. No payment made prior to completion and acceptance of the Services will constitute acceptance of any part of the Services. City reserves the right to withhold payment from Consultant because of Services not performed satisfactorily, delays in Consultant's performance of Services, or other defaults hereunder.

6. Status of Consultant. Consultant will perform the Services as an independent contractor, free from the control and direction of City, in pursuit of Consultant's independent calling, and not as an employee of City. The persons used by Consultant to provide the Services under this Agreement will not be considered employees of City for any purposes whatsoever and City will not pay any tax, workers' compensation insurance, retirement contributions or unemployment contributions on behalf of Consultant or its employees or subcontractors. Consultant agrees to indemnify and pay City within thirty (30) days for any tax, retirement contribution, social security, overtime payment, unemployment payment or workers' compensation payment, including, but not limited to, those based on any provision of the Federal Affordable Care Act, which City may be required to make on behalf of Consultant or any agent, employee, or contractor of Consultant for work done under this Agreement. The payment made to Consultant pursuant to the Agreement will be the full and complete compensation to which Consultant is entitled. City will not make any federal or state tax withholdings on behalf of Consultant or its agents, employees or subcontractors.

At the City's election, City may deduct the amounts paid pursuant to this Section, from any balance owing to Consultant.

10.1 Coverages and Limits. Consultant will maintain the types of coverages and minimum limits indicated below, unless Risk Manager or City Manager, in consultation with the City Attorney approves a lower amount. These minimum amounts of coverage will not constitute any limitations or cap on Consultant's indemnification obligations under this Agreement. City, its officers, agents, volunteers and employees make no representation that the limits of the insurance specified to be carried by Consultant pursuant to this Agreement are adequate to protect Consultant. The coverage will contain no special limitations on the scope of its protection to the above-designated insureds except for Workers Compensation and errors and omissions insurance. Consultant will obtain occurrence coverage, excluding Professional Liability, which will be written as claims-made coverage. If Consultant believes that any required insurance coverage is inadequate, Consultant will obtain such additional insurance coverage, as Consultant deems adequate, at Consultant's sole expense.

10.2 Endorsements. 10.3 Cancellation. Insurance will be in force during the life of the Agreement and any extensions of it and will not be canceled without thirty (30) days prior written notice to City sent pursuant to the notice provisions of this Agreement.

10.4 Failure to Maintain Coverage. If Consultant fails to maintain any of these insurance coverages, then City will have the option to declare Consultant in breach of this Agreement, or may purchase replacement insurance or pay the premiums that are due on existing policies in order to maintain the required coverages. Consultant is responsible for any payments made by City to obtain or maintain insurance and City may collect these payments from Consultant or deduct the amount paid from any sums due Consultant under this Agreement.

10.5 Submission of Insurance Policies. City reserves the right to require, at any time, complete and certified copies of any or all required insurance policies and endorsements.

10.6 Primary Coverage. For any claims related to the Services and this Agreement, the Consultant's insurance coverage will be primary insurance with respect to City, its officers, agents, volunteers and employees. Background

Lone Tree Way is a major arterial roadway within the City of Brentwood, featuring an at-grade Union Pacific Railroad (UPRR) crossing between Fairview Avenue and Medallion Drive/Gann Street. Due to rapid citywide development, particularly near this crossing, traffic volume has significantly increased across all modes—vehicular, bicycle, and pedestrian. To accommodate this growth, the City plans to widen Lone Tree Way along this corridor while accommodating the railroad crossing. The UPRR line, known as the Mococo Line is not active. Several years ago a fire damaged the railroad trestle at Marsh Creek rendering the structure impassible and a physical hindrance to re-activating the Mococo Line.

For the past 20+ years, the City has collaborated with UPRR on an at-grade separated undercrossing as part of Capital Improvement Project (CIP) No. 336-31340.

Efforts with UPRR resumed in August 2022 when the City held diagnostic field meetings with the UPRR team at all five railroad crossings in Brentwood at Lone Tree Way, Sand Creek Road, Central Boulevard, Oak Street, and Balfour Road. Conceptual plans have been developed for improvements at all five crossings, with an at-grade widening proposed for the Lone Tree Way crossing.

Following continued coordination with UPRR, the City secured a variance in early 2025, allowing Lone Tree Way to be widened at-grade at the UPRR crossing between Fairview Avenue and Medallion Drive/Gann Street contingent upon implementing safety improvements, as determined by the diagnostic meetings, at the other four crossings in the city. The scope of design services requested in this proposal is for designing the widening of the at-grade crossing at Lone Tree Way as well as the safety improvements at the four other crossings.

Scope of Design Services

The project will require a full-service consultant team capable of delivering a wide range of services, including but not limited to: project management, preparation of preliminary and final plans, specifications and estimates (PS&E), as well as railroad and utility coordination. The City has secured the necessary right-of-way for construction of the improvements. The City will also handle all the environmental documentation pertaining to the project. The consultant will act as the central coordinator for all activities involving the consulting team, City staff, and external agencies. All work shall be performed under the supervision of a California-registered Professional Engineer. All documents must bear the responsible engineer's seal, registration number, classification, expiration date, and signature.
